General Description of Collection:

The Government Securities Act of 1986 requires all financial institutions acting as government securities brokers and dealers to notify their Federal regulatory agencies of their broker-dealer activities, unless exempted from the notice requirements by Treasury Department regulation.

The Form G-FIN and Form G-FINW are used by insured State nonmember banks that are government securities brokers or dealers to notify the FDIC of their status or that they have ceased to function as a government securities broker or dealer.

The Form G-FIN-4 is used by associated persons of insured State nonmember banks that are government securities brokers or dealers to provide certain

information to the bank and to the FDIC concerning employment, residence, and statutory disqualification.

The Form G-FIN-5 is used by insured State nonmember banks that are government securities brokers or dealers to notify the FDIC that an associated person is no longer associated with the government securities broker or dealer function of the bank.

There is no change in the method or substance of the collection. The overall reduction in burden hours (from 17 hours to 13.25 hours) is the result of economic fluctuation. In particular, the number of respondents has decreased from 17 to 8 while the hours per response and frequency of responses have remained the same.
